TEAMLINE RIVER

The Teamline RIVER combines a modern look with the classic versatility of a Teamline for team sports. The embossed panels – used for the first time in a JAKO Teamline – add distinctive accents. The embossing draws inspiration from “Cutted Rivers” and gives the styles a modern, high-quality look.

Contrast panels round out the design and create a sporty look. All styles are made from 100 % recycled polyester and are available in unisex sizes starting at XS.

Embossing shows Cutted Rivers

TEAMLINE PREMIUM

The Teamline PREMIUM combines a simple design with a sporty look. The tonal JAKO branding, featuring the characteristic rivers, blends discreetly into the styles and underscores their high-quality appearance.

The fabric blends of organic cotton and recycled polyester – supplemented with spandex in select styles – ensure a comfortable fit. This makes PREMIUM ideal for the trip to the game and for leisure time.

TEAMLINE STYLE

The Teamline STYLE collection features a neutral, clean look and deliberately avoids eye-catching JAKO branding. A tonal embroidered JAKO Rivers logo on the back hem provides subtle branding. As a result, the items offer plenty of space for custom embellishments and a unique look.

Modern styles, some with an oversized cut, give the line its contemporary character. T-shirts, polo shirts, and hoodies are made of 100% cotton, while shorts and tracksuits are made of 93% recycled polyester and 7% spandex.

JERSEYS

RIVER.HYDROSTORM.STRIPE.MAILAND. RUGBY.FASTBREAK.

New jerseys are being added to the JAKO lineup.

These include the three-color RIVER jersey with a contrasting insert, as well as the matching shorts, knee-high socks, and tube socks.

The HYDROSTORM jersey features an embossed design and ribbed cuffs, and is available in all colors for men, children, and women. The MAILAND and STRIPE jerseys—two classic striped designs—round out the collection.

For basketball, the lineup also includes the FASTBREAK jersey, shorts, and shooting shirt, as well as the reversible REVERSE items.

The collection is rounded out by the RUGBY jersey, the matching RUGBY woven shorts, and the RUGBY reversible shirt.

JACKETS

With the new CORE Styles, JAKO is expanding its lineup to include versatile jackets and vests for a variety of weather conditions. The collection features hybrid, softshell, bonded fleece, and quilted jackets in various styles, offering the right option for every situation. Tonal JAKO branding also provides the perfect foundation for custom embellishments.

JAKO

HARD GOODS

New bags, balls, goalkeeper gloves, shin guards, and shoes expand the JAKO lineup. The ALLDAY backpack, sports bag, and toiletry bag, as well as the ONE shoe bag and backpack pouch, offer practical companions for sports and everyday life. The TLS ONE backpack rounds out the collection as an enhanced successor to the previous TLS backpack—featuring targeted improvements to proven features.

The lineup of game and training balls has been expanded with new color options and optimized with updates. A new color scheme for the Light balls makes it easier to distinguish between sizes and weights. Three new high-quality goalkeeper gloves and additional color options for the shin guards are color-coordinated with the LIGHTFORCE PACK of JAKO soccer cleats. The collection is rounded out by new footwear, including running shoes, sneakers, and JAKOletten.
